

About us

We are the leading forex technology provider, offering clients worldwide access to our own Broker Solutions HUB. Our team is a blend of high-class business consultants, experienced in working with Forex Brokers and IT experts from the FinTech industry.

We have a strategic partnership with a regulated Liquidity Provider for a complete offer for Forex Brokers. Our all-inclusive solutions have been recognized in the industry by the Global Forex Awards, as we help our clients optimize their costs and boost business growth.
